FOR IMMEDIATE RELEASE:

Debut Poetry Collection from Acclaimed Author Eric D. Goodman

Baltimore County, MD – Yorkshire Publishing is pleased to announce the release of *Faraway Tables*, written by Eric D. Goodman and published by Yorkshire Publishing.

Faraway Tables has been called “a dazzling collection—a mixture of the mundane and the monumental” that “carries its readers across boundaries—the personal, the political, and the geopolitical.”

Written largely during the Covid pandemic, these poems are imbued with a reflective depth that explores the essence of human experience.

Goodman’s insightful observations of life’s transitions, especially in a world reshaped by pandemic isolation and technological shifts, reveal the courage it takes to love a life that’s continuously evolving.

Advanced Praise:

“These poems are condensed journeys reminding us of what shapes us and how each unique ingredient makes a poem of us.” – Deanna Nikaido, *How to Write a Poem*

“Goodman’s reminiscences have a quiet exuberance, like finding a table for two in one’s mind.” – Kim Gek Lin Short, *China Cowboy*

“Goodman’s thoughtful explorations of his place in a world nearly out of grasp offer insight into the courage necessary to love a life that’s no longer altogether familiar.” – Barbara DeCesare, *Silent Type*

Eric D. Goodman lives and writes in Maryland. He’s author of six previously published books of fiction. More than a hundred of his short stories, articles, and travel stories have been published in literary journals, magazines, and periodicals.
